

We are faithful K-LOVE listeners who listen to the station at 91.1 FM out of Morrison, CO. If a LPFM station were approved, we doubt we could get the signal here in Loveland, CO. There are many, many listeners here in Northern Colorado, who listen to K-LOVE, not just in the Denver area. Because K-LOVE is commercial-free, it's something that the whole family can listen to. It's the only radio station we play in our cars! We believe their message is vitally important and needs to be heard by as many people as possible. Please don't take away our positive, encouraging K-LOVE!!!
